- 5. <u>Rationale Supporting Use of Authority Cited Above</u>: The proposed source for this acquisition is HMS, 1 Discovery Road, Martinsburg, WV 25403. This IDIQ contract was made competitively, which included FAR 52.216-22, Indefinite Quantity, which establishes the minimum guaranteed value of \$50,000.00 for each contract award made under the Enterprise Printer Contract IDIQ. This delivery order is being issues to HMS to satisfy the minimum guarantee. The Government has determined HMS to be a capable source for delivering the required printers.

VA's intent was to first compete delivery orders to the three awardees in an attempt to satisfy the minimum guaranteed amounts without utilizing this sole source authority. Due to the pending fiscal year end on September 30, 2015, the surest method of fulfilling the contractually required minimum guarantee is through the issuance of a delivery order utilizing the stated authority.

- 8. <u>Market Research</u>: ITSS has performed market research by analyzing the printer specifications to identify the type of printer required to fulfill its needs. Due to satisfying the IDIQ contract's mandatory minimum guaranteed amount, further market research was not performed.
